To All Concerned:

We have learned this morning that the IMF has falsely presumed that our government is not in operation and that our international claims are not in place and that the IMF is free to act as the Priority Creditor of the United States Corporation(s).

This is not the case.

Ms. LaGarde and President Trump and all the Principals have been given full Due Process and have cause to know that the States and People of this country are the Priority Creditors of the United States and its Corporations---- all of them.

Any further encroachment upon our sovereignty by these incorporated entities will result in their liquidation and the forfeiture of their assets for making unlawful false claims and serving as accomplices to Breach of Trust, fraud, and attempted unlawful conversion of assets.

All IMF Offices recently opened in North Carolina need to be shut down and the IMF needs to retreat to its Washington base pending our assignment of Bankruptcy Trustees.

When the United States entered international bankruptcy all three levels of the Federal Government we established were vacated and the delegated powers reverted to the Issuer of those Powers: The United States of America (Unincorporated).

We have been in business since 1776, so this is not presumed to be any big news to any of you.

Thank you.

*A brief history of who and what this "T-ROH" organization is. A man named Keith Livingway made a claim on abandonment to the name "The United States of America" when the 1868 Corporation came out of bankruptcy. Some British Territorial United States scum infringed on our copyright back in 1868 and used our name to name a foreign commercial corporation – "The United States of America— Incorporated". Put a big, red line under the word "Incorporated". The United States of America is not the same as The United States of America, Incorporated. More semantic deceits. The pukes then ran that corporation into the ground and bankrupted it, giving everyone the impression that our country had somehow been bankrupted. No sovereign entity can be bankrupted. Only commercial corporations can receive bankruptcy protection. So, there you go. Anything that can be bankrupted by definition is not our country, not our government, and doesn't have a thing to do with us except that we hired these vermin to clean our toilets. Obviously, what Mr. Livingway "claimed" was "abandoned" was the name of an illegally conceived foreign corporation.*

*He can't validly claim the name of our country anymore than the original roppers could. What it boils down to is that we have a would-be pirate claiming to have rights and prerogatives based on the actions of earlier pirates. Let me repeat the applicable Maxim of Law: A piratis et latronibus capta dominium non mutant. Any property captured by pirates does not change ownership. Our name "The United States of America" has been ours since September 9, 1776 and no amount of claiming otherwise by anyone — and no amount of copyright infringement — changes that fact. I am not in a position to comment on Mr. Livingway's state of mind, what he believes about this, or what his intentions are good or bad, but I can guarantee you the facts just stated and those facts add up to Keith Livingway has no claim to own the name "The United States of America" and it is lunacy to think he has. Think, people — this is like someone claiming to own the name "France" because he went to a yard sale and some other shyster claimed to be selling it. If that's the way the world works, let's all sell the "British Crown" next. It would be laughable, but to the extent that people are believing this and are putting time, faith and money in it, it's not funny. It's sad that we've sunk so low and are so gullible. Same thing with "Reign of Heaven". This organization is a rip-off bastardization of the honorable work of Frank O'Collins. Once again, Mr. Livingway seized upon work and ideas that were never his own and has attempted to plagiarize and "interpret" his way into something — a new elitist society that he and his cronies rule with iron paws.*

Well, I am not an elitist. I am an American.

When I see a bunch of pirates stealing the work of Frank O'Collins and trying to twist it into something to benefit their own egos — and then attach that monstrosity to the name of The United States of America, my instinct is to throw up — and then load my .44. Run like an antelope away from "T-ROH" and all its works and all its ways — unless of course, you want to spend your life as a pirate hiding out in places like Costa Rica and Honduras — which is what Keith Livingway has been doing for years. ~Anna Von Reitz

The Government of The United States of America hereby refutes everything in the aforementioned claim published by Destry Payne, as it is completely false because the claim is not based on any evidence, no documents exist to support the claim(s) and adds up to communist propaganda, however Destry Payne has nothing to say about the contents or the validity of the claims that were broadcasted by the Sixty Ninth Broadcast of THE T-ROH SHOW which would explain why the so-called Michigan Assembly has not progressed in the last 8 to 9 years because Destry Payne has control of the records of that particular group as a scribe, and
