

Notice

Affidavit of Claims

Affiant Peter DiPietro claims that the STATE OF NEW JERSEY, NEW JERSEY SUPERIOR COURT and MUNICIPAL COURTS and MUNICIPAL POLICE DEPARTMENTS are a Municipal Charter and private entity, their charters are private corporations and under case law such as Rod Class 11-CVS-1559 in Judge Ridgeway's ruling, originated from a fact finding court ruling in error in Class v. North Carolina, Case No. 10 DOT 7047, which it is, under a state within a state under masonic principle, under the Courts herein, an association in Private and not Public, therefore has no capacity for Public force.

STATE OF NEW JERSEY, NEW JERSEY SUPERIOR COURT and MUNICIPAL COURTS and MUNICIPAL POLICE DEPARTMENTS are forcing the affiant into their Association and in violation of the Universal Declaration of Human Rights and thereby has taken the affiant's Property rights by taking the affiant's intangible property rights when it was projected as and counterclaimed not a resident non-established U.S. Citizen, an unlawful statute and action, thereby is as disclosed in the following as the international filing in my claim, is here for them to read and dismiss all their Masonic or British Court Claims against affiant.

All right in Claim from a FROM ALL MUNICIPAL CHARTER CORPORATIONS therefore are a nullity, without any capacity of force thereby all actions against the affiant are to be vacated by character of Private government which affiant is not part of.

Peter DiPietro

Peter DiPietro
