The Winchester Police Department - Trafficking of Person with Social Security number, Birth certificate and driver license when trafficked out of country to offshore with foreign trust by Enforcing Trafficking Content Attached to Warrants or under Charging Instruments.

The Winchester Police Department Forced claimant into their Mason Political Religious Association by means of incarceration with evidence in hand by The United States of America, the Government of The United States of America 1781, which is a Government Identification card.

The claimant was a American National in 2014, and in 2015 Police in The Winchester Police Department whose names are Robert Delaney and Michael Smith and thereby caused incarceration under the Safety and Welfare apparatus the Claimant is not party thereof. The forced incarceration of the claimant interfered with care, custody and control of claimant's child, whereby the child's mother was using drugs and child taken was forced from a safe environment into an unsafe environment.

On Oct 15, 2015, claimant was delivered papers approximately 1 hour before hearing, from a court claimant is not part of, name of Dylan Lee, thereby was his son under some foreign name change, and when appearing, before this foreign court not party of his intangible property, it was discovered that an attorney had been forced into this foreign court, with an attorney that the father had not authorized.

The claimant under Common Law action was forced to operate in a foreign court, that he is not party thereof, and in demand forced open claim into the court whereby no one appeared to contest and claim, that lasted approximately 2 and half hours.

Judge Kenneth King, without a lawful merit or standing, removed due process, practiced law and fabricated opinion, from the Mason Association court in process. The Mason Political Constituency court the day before held a ex part hearing the previous day while under incarceration in the Mason Political Constituency court depriving claimant of further due process. The Mason Political Constituency court had sealed the court preventing access for son and further being forced into the Mason Political Constituency court, an Association.

The claimant reported this as a theft, which means that when ignored the Mason Political Constituency court, an Association, treated the claimant as a U.S. citizen, and Winchester Police Department failed to respond, therefore sealed their fate as kidnapping. The Name Dylan Lee was used in these foreign court Associations due to child's mother Amanda Lee, whom became dependent of drugs being oxytocin and was convicted in Woburn District Court, another foreign court Associations in Massachusetts and sentenced to 7 months while pregnant, having to use methadone, and creating another addition.

Claimant filed due to child endangerment after mother was out and on Methadone treatment, whereby her state payment scheme was stopped and mother went back on street drugs.

The New Hampshire court awarded claimant custody because of parental standing. However, the Grand Mother Mrs. Mary Lou Lee heard about this and then the mother. Thus, mother counter suit in Massachusetts, where the first in time court had precedence, and was ignored in

Massachusetts just as all other Jurisdiction was ignore along with due process. Thereby the Massachusetts Court system nullified the New Hampshire court system, which was arbitrary.
