The officer Charles Madden caught up to us by

following This officer Charles Madden kept talking about the classes her took to be able to ID guns. When James tried to question the Officer the judge kept saying objection to everything...Since, this hearing my son told me Mom you got the wrong name...But since my son or anyone was not allowed to testify .James doesn't know anything about this gun so that's why they keep telling him it's illegal . I'm not sure but it should of been sold to Charles Clark or Charles C. Clark my sons great grandfather's name. They then told James that he could read his Catholic Paper that he could read anything else or they could not accept any other papers. The judge aka Magistrate Denise Thiel said we're done with this case till you receive our court date for the Westmoreland County Courthouse. .We were not allowed to use our own recordings but my daughter Maria may have it saved on her phone..... Later that evening Jim called us and said hid Trail date is December 27,2018.at 8;30am....James also said they recorded his hearing then he said last night their equipment wasn't working either one I'm not sure about It was to be sent to the Westmoreland County Courthouse can you get a copy or do I have to go and ask for it??. .I think they keep lying to him about everything...And I don't want to screw up his case by saying about the gun over the phone . .So anything else I can do or not to mess up his case???
