Greetings Mr, John C. Wobensmith;

This letter is to inform your office that Richard Reinheimer is no longer associated with National Liberty Alliance or George McDermott as of the 24<sup>th</sup> day of February, 2015.

The Government of The United States of America through its Committee has been working with Richard Reinheimer to resolve his matters peacefully. The Committee members were calming Richard down, helping him with his extreme hatred of the Manhattan Island system of control and he was coming around to a positive attitude towards himself and others. Richard's role as an American National and a Human Rights Defender was accepted acknowledged by Richard.

In this Governments humble opinion, any action taken by George McDermott or National Liberty Alliance is for political gain where the direction is not clear. Both have been approached several times to stop exciting anger and violence in the matter of Richard Reinheimer without success.

Further, National Liberty Alliance and George McDermott are using Richard's issues to further their cause which has been stated before, is not entirely clear at this time.

The Government of The United States of America was unaware that Richard was going to a court on the day of this incident.

Any messages sent in the matter of Richard Reinheimer will be exclusively sent from this office. The document's included in this fax is evidence to substantiate this exclusive claim signed by Richard Reinheimer himself and the claim is a matter of International Public Record as a NON CITIZEN/NON RESIDENT ALIEN OF THE U.S. OF AMERICA. This claim was the reason for the order sent the 22<sup>nd</sup> day of April, 2015. The order was not an attempt to kidnap or interfere with the legal relationship by and between the State of Maryland and its residents or inhabitants.

Thank you for your continued cooperation and attention concerning this matter.

Kind Regards,

Thomas Frank Goudey

Secretary of State for The United States of America
